No.F.87-41/W. dated 20th March 1943. Invites attention to Labour Department Notification dated 18th February 1943 enabling relief to be paid to students, trainees and apprentices sustaining war injuries.

Clause 4 of the War Injuries Scheme specified the injuries in respect of which awards of relief can be made under the War Injuries Scheme. Sub-Clause (c) provides for awards being made to such persons or to such class of persons as may be notified in this behalf by Government. Under this sub-clause, the Government of India have notified the following:-

(i) persons receiving full time instruction at a university, college, school or other educational establishment; and

(ii) persons who for less than full remuneration are undergoing training for any trade, business, office, employment or vocation.

According to this Notification relief will be admissible to students at school and other persons undergoing training for any trade, business, etc., receiving a small stipend like the war technicians under training, etc.

It is for orders if this may be adopted. This will increase financial liability but will be an encouragement to students, and trainees.

Under clause (3) of the War Injuries Scheme, the organisation of persons specified in Schedule I to the Scheme are declared as "Civil Defence Organisation" for the purposes of the Act & the Scheme and clause (1) of the Schedule is "Such other A.R.P. & Civil Defence organisations as may be notified by the

Government". It is proposed by the amendment to insert the words "for this purpose" after "notified" so that only organisations especially notified for the purposes of the Scheme will be Civil Defence organisations for the purposes of the Act & not any organisation which may be notified generally.
